STAT

[REDACTED]

Dear Dick:

I am very happy to report that your organization is paying our bills much more promptly. (Our bean counters are even happier.) We received payment of public voucher number eleven just 23 days after it left our L.A. office. Public voucher number twelve was mailed from our L.A. office on July 26 and we received payment on August 23.

STAT

I would appreciate it if you would show this letter to [REDACTED] because I complained to him some time ago about the slow payment.

Al and I are anxiously waiting for photographs so that we can continue our experimental work. I hope we can get going full speed again within the next 30 days.

Best regards,

*[Handwritten signature]*
